Introduction

Techno zone was established in the year 2000, with a clear focus on specializing in Industrial Tools and Safety Materials. We formed valuable partnerships with factories located in both Europe and Asia, allowing us to manufacture, import, and keep a ready stock of these high-quality products. Our commitment to excellence and reliability quickly gained traction, leading us to serve not only local business houses but also various companies and neighboring Gulf countries.

As our journey progressed, we realized the significance of diversification in meeting the diverse needs of our valued customers, contractors, and companies. This prompted us to expand our horizons, delving into multiple sectors. With time and experience on our side, we were able to curate an even broader and more comprehensive product range. Our offerings now include an extensive selection of Industrial Tools & Hardware, top-notch Building Materials, essential Electrical and Mechanical Materials, reliable Welding and Plumbing Materials, and indispensable Adhesive and Cleaning Materials.

In addition to the above, we also introduced Measuring Tools & Gauges, Pipe Fittings & Flanges, durable Rubber & PVC hoses, Heavy Duty Fasteners, and a wide array of Bathroom and Kitchen Fittings.

We are proud to cater to our customer's various needs, ensuring we have all their covered. Throughout our journey, we have earned the trust of countless customers who rely on us for their industrial and safety needs.

At present, Techno Zone stands as a testament to our dedication and commitment to offering the best products and services. We are continuously evolving and exploring new fields to stay at the forefront of our industry.

**We supplied quality products
stocked locally or sourced
carefully from Asia & Europe.**

Vision I

Our vision is to be recognized as the premier supplier of industrial solutions, leveraging our expertise, global partnerships, and technological advancements. We aim to continuously expand our product range, enhance customer satisfaction, and foster long-term collaborations to drive growth and create value.

Mission I

Our mission is to deliver high-quality industrial products and solutions that empower our customers to excel in their respective fields. We strive to meet and exceed customer expectations through exceptional service, technical expertise, and a diverse range of innovative products.

Core Values I

Excellence

Quality and customer satisfaction are our top priorities.

Integrity

Trust and transparency are fundamental to our business practices.

Collaboration

Forge robust partnerships with clients, suppliers, and stakeholders.

Innovation

Adapt to industry needs through innovative technologies.

Sustainability

Minimize environmental footprint, contribute to communities.

Board of Director

TechnoZone boasts a talented team of professionals experts in their respective fields. Our organizational structure ensures efficient operations and effective decision-making processes. Our key management personnel possess extensive industry knowledge and experience, driving company growth and success. We prioritize our team members' professional development, providing training and growth opportunities to enhance their skills and expertise.

Almeer Faisal Mohammed Chairman

In a dynamic, competitive environment, our success depends on adapting, innovating, and seizing new opportunities. We must anticipate trends and evolving customer needs. I trust each of you to lead, think creatively, and generate groundbreaking ideas that shape our future.

Abdul Hakeem CV MD/CEO

Strongly believe that our customer's satisfaction and their loyalty are our success and the most motivating factor for us.

Our Expertise |

TechnoZone specializes in comprehensive industrial solutions across various sectors. Our areas of expertise include:

| Industrial Tools

We offer a wide range of industrial tools, power tools, cutting tools, abrasives, and safety materials to ensure a secure and productive work environment.

| Building Materials

TechnoZone is your one-stop solution for quality building materials, including , water proofing ,aggregates, roofing materials, insulation, and finishes.

| Electrical and Mechanical Materials

We supply a diverse range of electrical and mechanical materials, including cables, wiring accessories, switches, motors, pumps, and valves, meeting industry standards and ensuring reliable performance.

| Pipe Fittings and Flanges

We supply a wide range of pipe fittings and flanges, catering to various industries' piping needs and ensuring reliable connections.

| Bathroom and Kitchen Fittings

We provide a range of high-quality bathroom and kitchen fittings, including faucets, showers, sinks, and accessories, offering functionality and aesthetics.

| Safety Equipment

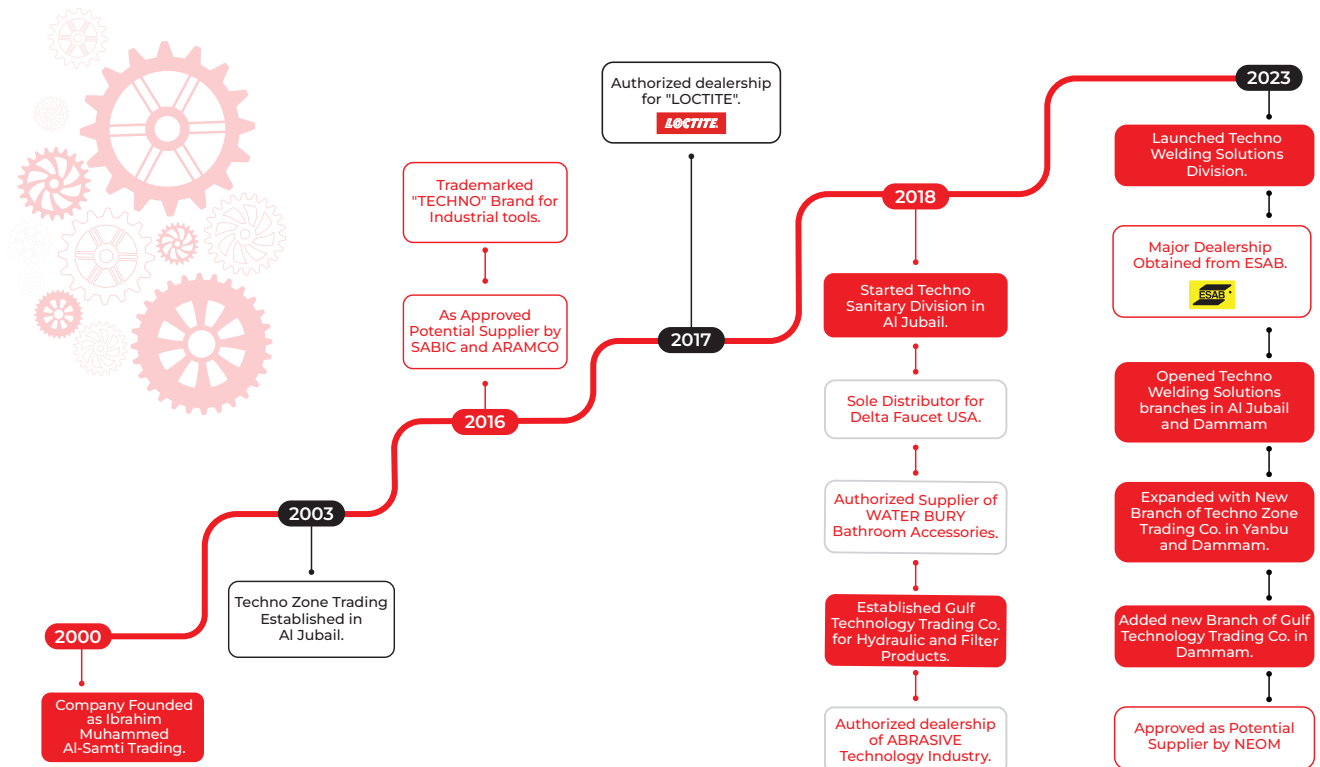

We stock wide range of Safety products for Site or Factory safety. We stock all Safety products for protection from Head to Toe, taken in consideration that quality of products we stock at utmost importance to TECHNO ZONE.

| Welding Tools & Accessories

Techno Welding Solutions is one of the most prominent distributors of ESAB Welding & Cutting products in the eastern province KSA,We have a great team of engineers who are technically skilled in solving all the requirements of our customers.

Mile Stone

Technozone has achieved significant milestones, including trademarking its brand, gaining approvals from major companies, expanding operations to new locations, diversifying product offerings, and securing authorized dealership and distribution rights. These milestones reflect Technozone's commitment to excellence and growth in providing industrial tools, accessories, and related services.

At Technozone, we take pride in our journey of growth and achievements. Our dedication to quality, customer satisfaction, and partnerships with industry-leading brands positions us as a reliable and trusted provider of industrial tools, accessories, and more.

Quality Assurance

Quality control is of importance at TechnoZone. We have implemented stringent quality control measures throughout our operations to ensure our products meet the highest standards. Our commitment to quality is reflected in our certifications and accreditations from reputable organizations. We continuously strive for improvement, regularly reviewing and enhancing our quality management systems.

Our commitment to quality is reflected in our certifications and accreditations from reputable organizations.

Clientele

TechnoZone has established long-standing relationships with a diverse range of clients, including prominent companies, organizations, and contractors across various industries. Our expertise and quality products have been instrumental in numerous projects' success. We have a proven track record of delivering outstanding solutions and exceeding client expectations. Testimonials and feedback from our satisfied clients attest to our commitment to excellence and customer satisfaction.

Collaboration and Partnerships |

TechnoZone believes in collaboration. We have established strategic collaborations with industry leaders, fostering knowledge-sharing and leveraging each other's strengths. Partnerships for research and development enable us to stay at the forefront of technological advancements. We also forge alliances for market expansion, allowing us to reach new customers and regions.

Prime Dealership |

We have established strong partnerships with renowned manufacturers and brands to offer the best options to our customers. At Prime Dealership, we pride ourselves on delivering exceptional service, reliability, and a seamless buying experience. Your trusted destination for high-quality products and exceptional service.

Sustainability Initiatives |

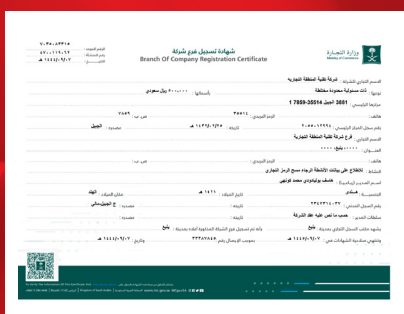

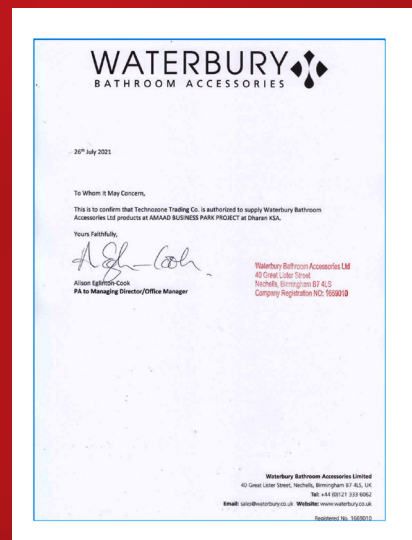

As a responsible corporate citizen, TechnoZone is committed to environmental sustainability. We adopt eco-friendly practices and promote energy-efficient measures throughout our operations. Waste management strategies minimize our environmental footprint. We also engage in social and community initiatives, supporting local causes and contributing to the welfare of the communities we serve.

Health and Safety |

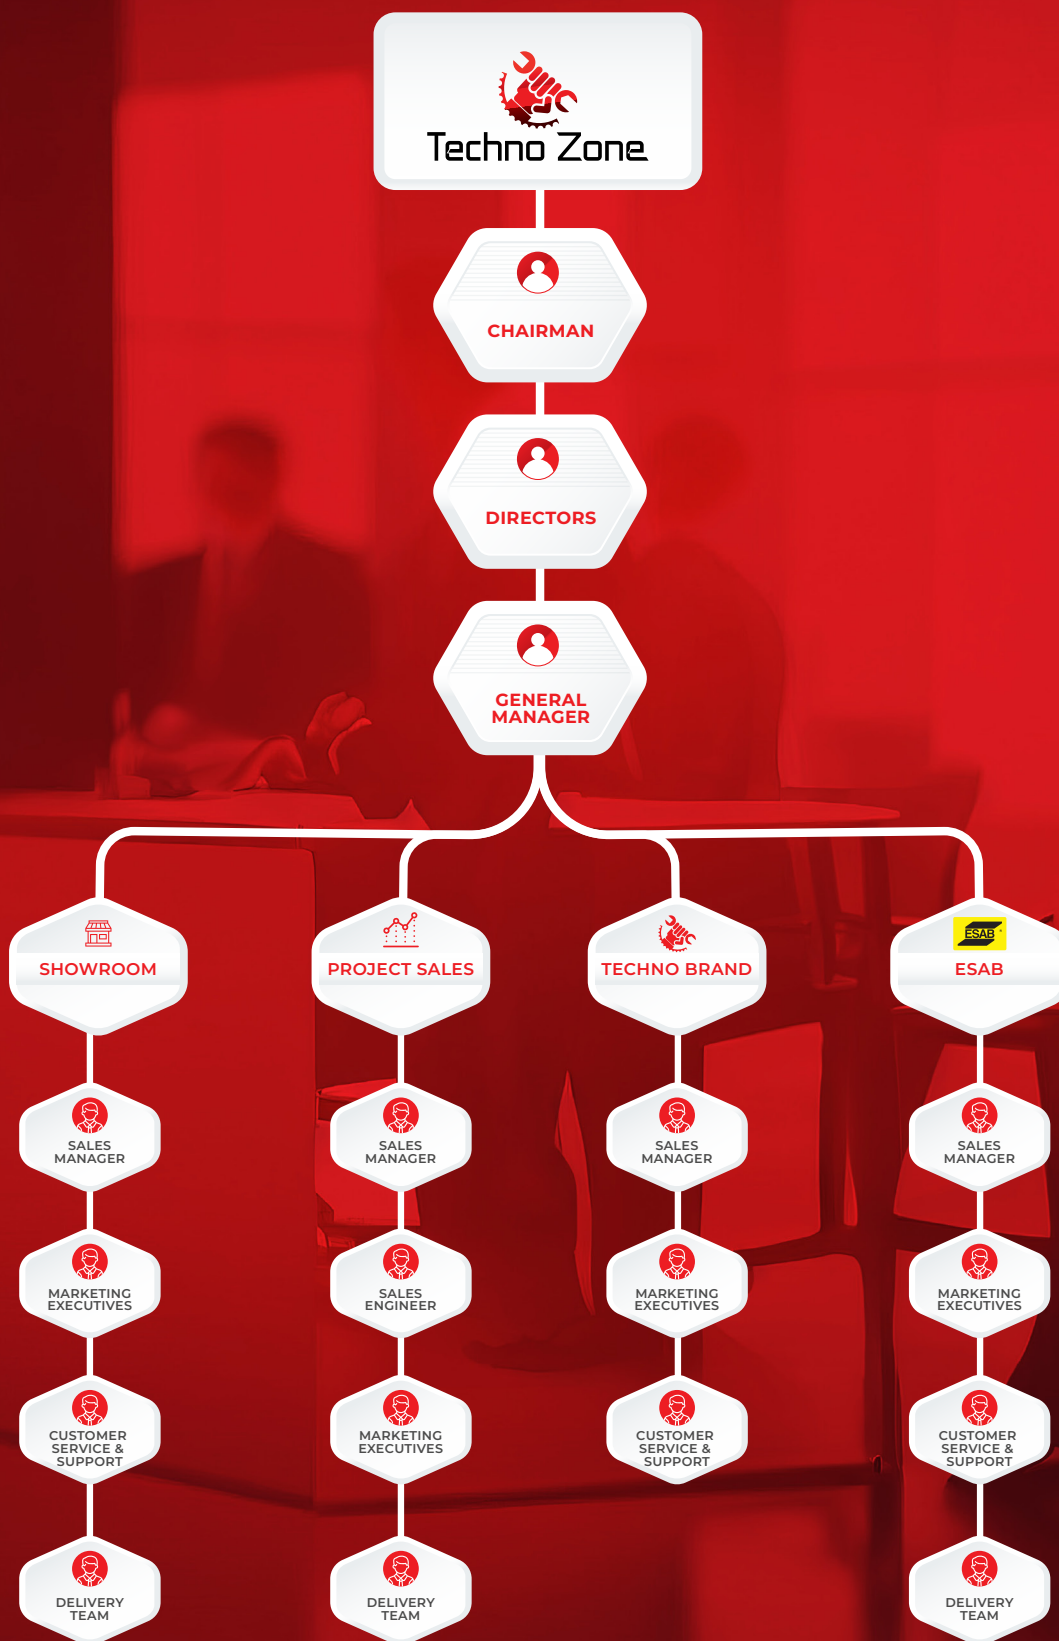

TechnoZone prioritizes employees' health and safety. We adhere to strict safety protocols and procedures to ensure a safe working environment. Regular training and awareness programs are conducted to promote a safety culture within the organization. We comply with all health and safety regulations and strive to prevent incidents through proactive measures.
